Key global locations

Rockwell Collins - Melbourne Campus

**Expansion for
Communication &
Navigation Engineering**

**Operations
Began in
1974**

- Facilities Occupy over 272K Sq Ft.
- Operations = 200K
- Design Center = 72K

**Expansion for Traffic
Surveillance
Engineering**

**Situated on
45 acres
(16undeveloped)**

**Total of
1395
Employees**

- Customized
- High Technology
- Engineering & Manufacturing

Key Customers

- Air Transport
 - Boeing
 - Airbus

- Business & Regional
 - Bombardier
 - Cessna
 - Hawker Beechcraft
 - IAI/Gulfstream
 - Embraer

Melbourne Design and Manufacturing Core Capabilities

Communication

- Leadership in communications products supporting voice and data needs

Navigation Sensors

- Broad line of accurate, high quality and high integrity navigation sensors utilizing latest MEMS technology
- Radio and terrestrial sensors

Safety/Surveillance

- Broad line of leading edge safety system products including the new Multiscan™ weather radar
- Collision avoidance products meeting today's needs and preparing for future airspace requirements

Actuation

- Electromechanical assembly and test of trim actuators including repair and maintenance capabilities

Turn Key Operations

- Complete warehousing & distribution center
- Fully integrated assembly from printed circuit board through final unit assembly and testing
