

A Report to Constituents

from U.S. Representative Bill Posey

Dear Friend,

Welcome to the 8th Congressional District of Florida. Our community is home to beautiful beaches, one of the most diverse lagoons in America, the Kennedy Space Center and many leading high-tech and aerospace companies. There is much that we are blessed with on the Space and Treasure Coasts.

It is an honor to serve as your Member of Congress, and our entire staff welcomes the opportunity to assist you in any way possible. Our very experienced staff is able to serve you with issues that you may have with federal agencies, including Medicare, Social Security and Veterans Affairs. We have been able to intervene and help resolve specific issues with federal agencies for several thousand constituents. Information about additional constituent services that we offer and how to contact our Florida and DC offices is provided in this Report.

As your Representative, I value your input and views on issues that are considered in the Congress, and I welcome your communications. Since coming to Congress in 2009, our office has responded to over 250,000 letters and e-mails from constituents, and I have benefitted greatly by hearing from those I am privileged to serve.

Washington is dealing with many serious challenges related to our economy and the direction of our nation. My top priority has been and remains getting our economy moving again and putting Americans back to work. I have included some of my thoughts on these issues. But more importantly, I want to hear from you. Please complete and return the attached survey card to share your thoughts and concerns about the latest issues on the Congressional agenda. Be sure to include your e-mail address so that we can communicate in a more timely and cost-effective manner in the future.

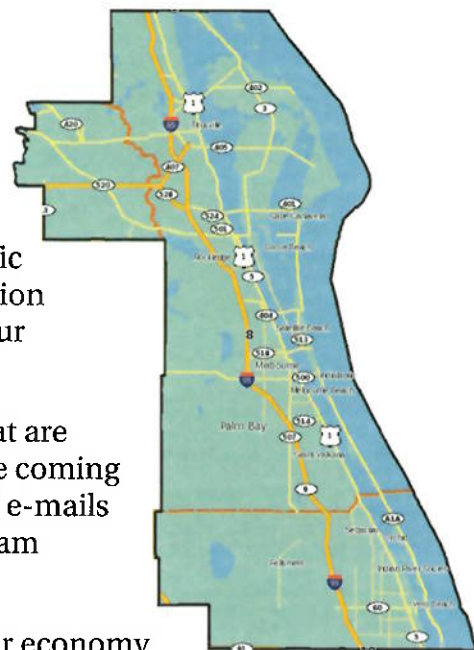

You can also visit www.posey.house.gov and fill out an online survey or e-mail me directly. Please keep this Report handy, and do not hesitate to call, write or e-mail if we can be of assistance. It is an honor and a privilege to serve you.

Sincerely,

Bill Posey

Restoring the Health of the Indian River Lagoon Among Posey Priorities

I have lived along the Indian River Lagoon and chose to raise my children there so I know firsthand the beauty and importance of maintaining this natural treasure.

The Lagoon greatly enhances our quality of life, is important for our economy, and provides important recreation for those of us who live here as well as tourists to our community. Our estuary plays an important role for indigenous and migratory wildlife. Since 2011 the Lagoon has faced some new challenges and degradation due primarily to algae blooms.

While I have actively supported federal funding for research to better understand contributing factors that have led to the decline in the Lagoon's health and to provide matching funding for Lagoon restoration, conservation and protection projects, there are also ways everyone can get involved. ✓ **Restoring the Indian River Lagoon** – Voted for bipartisan legislation (H.R. 4715) reauthorizing funding for the National Estuary Program (NEP).

✓ **Restoring the Everglades & Protecting the Lagoon** – Co-authored bipartisan amendment (#46) to authorize the Central Everglades Planning Project (CEPP) to reduce pollution flows into the Lagoon.

✓ **Everglades funding** – Voted for passage of the Water Resources Development Act (H.R. 3080) to fund the Central Everglades Restoration Projects (CERP) restoring the Everglades and the Lagoon.

✓ **Saving stranded marine mammals** – Restored funding for the Prescott Marine Mammal Rescue Assistance Program, which matches local funding to address manatee and dolphin strandings and deaths.

Rep. Posey tours the Indian River Lagoon and talks with volunteers participating in restoration efforts like planting mangroves.
